PROFILE

B. Tech IT undergraduate with hands-on experience building practical, user-focused web applications. Solid grasp of Data Structures & Algorithms (70+ problems solved), currently expanding into React and Redux to craft seamless front-end experiences.

EDUCATION

Amity University 2024 – 2028
B. Tech, Information Technology — CGPA: 8.3 *Lucknow, UP*

City Montessori School 2023 – 2024
Intermediate (ISC) — 92.75% *Lucknow, UP*

City Montessori School 2021 – 2022
Matriculation (ICSE) — 96% *Lucknow, UP*

EXPERIENCE

Part-Time Tutor (Freelance) *2024 – Present*

- Teach and mentor school students, adapting explanations to individual learning paces — building communication and patience skills valuable in collaborative technical work.

SKILLS

Languages: Java, Python (Basic), JavaScript, HTML, CSS

Frameworks & Tools: Bootstrap, Git, GitHub, Visual Studio Code

Soft Skills: Leadership, Problem Solving, Teamwork, Communication

PROJECTS

AI Resume Analyzer (ResumePilot) *Python, Flask, HTML, CSS, JavaScript, PyPDF2*

GitHub | Live Demo

- Built a web app to solve a common problem for job seekers — not knowing why their resume gets filtered out by ATS systems or how well it actually matches a specific job.
- Engineered a Flask/Python backend that extracts text from PDF resumes (PyPDF2), matches keywords against a given job description, and computes an ATS-compatibility score in real time.
- Unlike generic resume checkers, scores and suggestions are generated against the exact job description provided — giving users personalized, actionable feedback instead of one-size-fits-all tips.

Personal Portfolio Website *HTML, CSS, JavaScript*

GitHub | Live Site

- Built and deployed a responsive personal portfolio website to showcase projects, technical skills, and contact information.
- Implemented interactive UI components, smooth navigation, and a mobile-friendly design using vanilla HTML, CSS, and JavaScript.
- Hosted the website on GitHub Pages with version control through Git and GitHub.

ACHIEVEMENTS & LEADERSHIP

- Participated in multiple hackathons, gaining hands-on experience in rapid prototyping, teamwork, and problem-solving under time constraints.
- Member, Student Council — collaborated with peers to organize and coordinate school-level events and initiatives.
- Participant, JYEP (Junior Youth Empowerment Program) — developed leadership, communication, and community engagement skills.
